I. EXECUTIVE SUMMARY

The City of Fort Walton Beach, Florida receives funding through the Community Development Block Grant (CDBG) from the U.S. Department of Housing and Urban Development. The City is considered an "entitlement community" with a prescribed formula for funding developed by HUD using select City demographic information. The funding from HUD is used for community development projects which reduce or reverse evidence of physical, social, or economic decline in low-income neighborhoods.

Every year, an Annual Action Plan is prepared to provide information concerning the intended use of the U.S. Department of Housing and Urban Development (HUD) program funds to address the needs identified in the 5-Year Consolidated Plan. This document provides an assessment of the housing and community development needs; a strategic plan for addressing these needs; and a specific one-year Action Plan for the use of the HUD grant funds.

Overall, the action plan is consistent with the 5-year consolidated plan, which enforces the City's commitment to ensure that Fort Walton Beach neighborhoods are places of opportunity that offer decent, safe and affordable housing, promote strong, healthy families, and improve the quality of life of all residents.

II. AGENCY AND RESOURCES OVERVIEW

Lead Agency Profile

The City of Fort Walton Beach's Engineering Services Department prepares the Annual Action Plan as part of a collaborative process to establish a unified vision of community development actions. This process creates the opportunity for strategic planning and citizen participation to take place in a comprehensive context at the local level. It also provides a method to measure progress of the various program goals, specific objectives, and annual goals set by the Engineering Services Department.

Consultation (91.200b)

The City of Fort Walton Beach works with many public and private agencies to administer the CDBG program and achieve the goals and objectives set forth in the plan. Table 1 below identifies the various agencies involved in the City's consultation process.

Institutional Structure, Resources (91.220c1 & c2), and Coordination

The City provides funding to extremely low, low-, and moderate-income families through services provided by non-profit organizations. Funding may be sought by these organizations through an application process during the formation of the CDBG annual program. Funding for public service programs is highly competitive due to limited funds and an abundance of need. Therefore, the City has not solicited projects which target specific needs.

The City relies on the CDBG program funds yearly to implement important community development and housing objectives. Additional cash resources are scarce for the program, but the following list describes the pooling of in-kind resources from many different agencies in order to accomplish the goals of the program. In addition, the list below outlines the institutional structure for the program and the coordination among agencies (91.215 I):

1. The Okaloosa/Walton Homeless Continuum of Care Opportunity, Inc - health clinics, provision of bicycles, and other essential needs beyond the capacity of individual members.
2. Waterfront Rescue Mission – The target population is men with substance abuse and other disorders.
3. Bridgeway Center, Inc. – Assists men and women requiring crisis stabilization and detoxification.
4. Salvation Army – The target population is men.
5. FRESH Start – Targets working parents and single women, primarily transitional housing for persons with jobs.
7. Family Life Center – Provides assistance to pregnant and unwed mothers.
8. Lutheran Services – Provides assistance to runaway teens.
9. JADA – Provides services to men and women with substance abuse disorders; must agree to enroll in Christian recovery program.
10. Catholic Charities – Transients, emergencies. There is not a shelter but there are limited funds for hotel stays.
11. Red Cross – Provides services to persons rendered homeless by fire or other natural disasters. No shelter, but has limited funds for hotel stays.
12. Harbor House – Men with substance abuse disorders; transitional housing only.
13. Habitat for Humanity in Okaloosa County – Build affordable homes for low-income families.
15. Okaloosa County Development Corporation (OCDC) – Administers the S.H.I.P. and HOME programs for the City of Fort Walton Beach and Okaloosa County through an interlocal agreement between both jurisdictions.
16. Striving for Perfection Ministries – Provides emergency benevolence, food, and utilities for low-income people.
17. Okaloosa County Head Start – Provides child care services for low-income families.
18. Okaloosa County Council on Aging – Coordinating agency for support services for the elderly, including housing and transportation.
19. Fort Walton Beach Housing Authority (FWBHA) – An independently operationg agency chartered by the City in 1968; provides housing units for low- and moderate-income families and individuals.

The City is confident in the institutional structure and coordination among agencies to carry out the program and is not aware of any gaps that would impact the priority needs established in the program. The City continually strives to extend and strengthen partnerships among all levels of government and the private sector, including non-profit and for-profit organizations, for the provision of public services, affordable housing, and economic opportunities.

III. CITIZEN PARTICIPATION PROCESS (91.200b)

The City of Fort Walton Beach has many processes for involving citizens in its decision making including neighborhood meetings, numerous board and committee meetings, and
City Council meetings; all designed to solicit public comments both informally or by utilizing formal public hearings.

Citizens’ comments on the use of CDBG funds are specifically solicited by a way of a citizen advisory group. The Citizen’s Advisory Committee (CAC) advises staff on the use of the City of Fort Walton Beach’s annual CDBG fund allocation. Each year, the Citizen’s Advisory Committee (CAC) comes together to plan for the CDBG budget for the coming fiscal year. The CAC reviews all applications submitted for the City’s annual allocation of grant funds. At least three advertised public hearings or meetings are held each year to address housing and community development needs, development of proposed activities, and review of performance for the Community Development Block Grant (CDBG).

This year, the Citizen Advisory Committee met on March 31, 2011 and June 22, 2011 to review the Annual Action Plan and discuss funding priorities for next year. Citizen comments included the need to focus on children’s groups in underserved areas. At the June 22, 2011 meeting, the Committee reviewed and approved 4 applications for funding and approved the remainder of the funding going to a capital project in the second targeted area.

To ensure broad-based participation, extensive communication efforts are used during the implementation of the City’s Consolidated Plan citizen participation plan. Public notices for public hearings are published in the local newspaper and announced in local churches. The various printed notices notify where copies of the Consolidated Plan are available and invite persons to either speak at the public hearings and/or submit written comments. Public hearings are handicap accessible and sign language interpretation is available at public hearings.

The Citizen’s Advisory Committee continues to be at the core of the public participation process. The City’s Community Development Block Grant staff promotes public awareness and opportunities for participation by making available documents such as the annual action plan, five-year consolidated plan, consolidated annual performance evaluation report, analysis of impediments to fair housing, etc., and by advertising their availability in the local news media and on the City website. The City continually strives to organize and present data in a manner that is easily understood and-evaluated by our citizens and welcomes comments on the Annual Action Plan and how future reports might be improved.

IV. TARGETED AREAS (91.200 d & f)

At the onset of the CDBG program in the mid-1970’s, federal regulations required that certain activities be geographically targeted. Although this requirement has since been removed, the City has continued its targeting strategy. The primary consideration for target area selection is neighborhood economic need (low- and moderate-income levels) followed by the degree of housing deterioration. As outlined in the City’s Five-Year Consolidated Report (2010-2015), the City’s CDBG Target Area represents the Block
Group with the greatest concentration of low- to moderate-income households. All five projects this year are located within one of the targeted areas.

The Targeted Areas Map is located in the back of this document. The geographic boundary of the two target areas are Hughes Street (north), Eglin Parkway (east), Robinwood Drive (west), and First Street (south) for Target Area 1, and the area between Bay Street and Burnette Avenue in the northwest portion of the City for Target Area 2 (See attached map). These two areas are the areas within the City of low income and minority concentration.

**Target Area 1** is located within the Community Redevelopment Area (CRA), which is an area identified as blighted and corresponds with the Beal Parkway Neighborhood. The CRA prepared a plan for the Beal Parkway Neighborhood. The Plan identifies specific projects needed within this area. Both the CDBG and the Community Redevelopment Agency allocates funds each year towards these projects. See attached map.

**Target Area 2**, north of Lovejoy Road, is adjacent to Okaloosa County’s Front Porch Community and is known as Sylvania Heights. This entire neighborhood is primarily low-income and minority concentrated. It is a relatively isolated neighborhood north of the City’s Commerce and Technology Park. The City has allocated substantial resources to this area for housing rehabilitation and World Changers projects through CDBG funds and SHIP funds, stormwater improvements, code enforcement, and police protection. See attached map.

**LEAD-BASED PAINT HAZARDS (91.205e, 91.215i)**

The City’s lead-based paint hazard reduction strategy is three-fold: education, testing, and remediation. The education objective includes providing handouts and booklets, specifically “Protect Your Family from Lead in Your Home” at various events and at City Hall, this year the City will highlight the hazards of lead-based paint on the City’s website by including information that encourages children to have blood tests to check for the presence of elevated lead levels. The testing objective includes evaluating and/or testing for the presence of lead-based paint for units proposed for painting and or re-roofing. The remediation objective includes having a certified consultant/contractor remove paint and repair the surface if such hazards are determined to exist on units proposed for rehabilitation.

Estimated number of housing units containing lead-based paint hazards occupied by extremely low, low, and moderate income families: **3,652.**

**Anti-Poverty Strategy.** The City plans to work closely with the several local organizations through the CDBG program to reduce poverty. The City provides funding to these agencies through the CDBG grant program applications targeting homeless, very low, and low income households.
V. HOUSING

Housing Needs. (91.205)

Rapid population growth between 2004 and 2007 in Northwest Florida led to a greater demand for housing which in turn led to an increase in housing prices. Many factors contributed to the increase in development costs of new housing including soaring land prices, decreasing land supply - especially in communities such as Fort Walton Beach that are essentially land-locked and almost completely built out – and increasing costs of material and labor. On the surface it appears that much of the existing housing stock in the City, specifically the CDBG target area, is attainable, in that many of the homes were purchased in the 1950s and 1960s and the mortgages have been paid — allowing homeowners to “age in place” or, in the case of absentee landlords, allowing for less than market rents. However, many of the older homes are becoming deteriorated and there has been little reinvestment by the property owners. Many of the current homeowners are elderly and living on fixed incomes so they may not be able to maintain the structures and the yards. The owners of rental housing may not have the means or economic incentive to reinvest. Rental increases necessitated by rising property insurance costs and property taxes are passed on to the tenants, which may affect their ability to remain in the housing. Changing demographics mean that the construction of single family detached homes may no longer adequately meet current and projected housing needs. While the single-family detached home will remain the housing product of choice for many, demand is growing for greater alternatives in housing. The opportunities to expand the range of housing choices are myriad and the City can benefit from a wider range in type and quantity of housing choices.

Housing Objectives

Public Housing Strategy (91.210b)

There are currently two City public housing areas in Fort Walton Beach: Fort Walton Beach Housing Authority on Robinwood Drive and Germany Terrace on Carson Drive, containing 50 units. The FWBHA receives assistance through the Comprehensive Improvement Assistance Program (CIAP). The FWBHA has not been designated as “troubled” by HUD. Also, the City is working with the FWBHA and HUD on redevelopment of the Germany Terrace housing project, described as Sound Side in the Affordable Housing section of this Plan. The City works closely with the FWBHA and continues to encourage homeownership through the sponsorship and exhibition at the Housing Expo each year. The Chester Pruitt Summer Enrichment program and after school tutoring are available and in close proximity to FWBHA residents. The City also coordinates its transportation planning to help meets the needs of those who depend on public housing. The City works with Okaloosa County to ensure fixed-route transit service at the housing units.

Barriers to Affordable Housing (91.220j)): As per the requirements of the adopted SHIP Affordable Housing Incentive Plan, the City will undertake the following actions to
remove barriers to affordable housing (these actions will not necessarily be funded through the CDBG program): expedite processing of permits for affordable housing projects, modification of street requirements; down payment assistance and closing cost assistance; minor repairs to existing single family owner occupied housing units through the World Changer program, which is a faith-based partnership; and acquisition of property for low- to moderate-income housing. The City’s Comprehensive Plan also outlines a Housing Element and a plan to provide for affordable housing as it relates to local policy, land use, and zoning.

Homelessness (91.205)

Under this category, the City will not fully undertake a comprehensive action program to address the housing needs of the homeless due to the amount of the City’s entitlement CDBG funds. Unfortunately, the City’s entitlement CDBG funds do not provide sufficient funding to directly manage and fully support this type of program. The City will, however, support several operating agencies that are providing valuable services to prevent homelessness and to assist those who are already homeless. The City participates on the Okaloosa/Walton Continuum of Care Board and assists agencies who help the homeless with expertise to address community concerns. The City will continue to work with the Continuum of Care to identify funding sources for an emergency homeless shelter which would provide shelter for at least 50 homeless individuals. The City has agreed to provide a cold night shelter in one of its community centers, if needed. Some of these agencies provide limited shelter and comprehensive transitional permanent housing services to homeless families, many of which have female heads of households. Others are coordinating housing assistance for homeless and at-risk families by emphasizing prevention, shelter referrals, and relocation services.

The Okaloosa/Walton Homeless Continuum of Care Opportunity, Inc. provides a monthly forum in which community stakeholders, homeless persons, and formerly homeless persons can collaborate on needed services and request ideas and help from participating agencies. The Continuum of Care applies for federal and state funding, which it distributes to service providers based on results from a request for proposal process. Once funds are awarded, the Continuum of Care monitors expenditures and program delivery, and reports back to the appropriate government agencies. The Continuum of Care receives some funds for direct services, which are used to support collective programs, such as health clinics, provision of bicycles, and other essential needs beyond the capacity of individual members. Also, the Bridgeway Center, Inc. provides assistance to those who have been homeless for at least a year, or homeless four times in the last three years, and who have chronic mental illness and/or substance abuse disorders. Case managers link clients to housing, employment, benefits, and mental health and/or substance abuse treatment. Lastly, two more participating agencies provide a limited number of shelter beds. The Shelter House provides a safe haven for women, children, and men in imminent danger of domestic violence. FRESH Start recently completed a development for ten units of transitional housing for women and families, called Harbour Place Apartments on Bobolink Street NE, in FY 2008-09. Both agencies receive funding from the Okaloosa/Walton Homeless Continuum of Care Opportunity,
Inc. Harbour Place Apartments consists of 10 units for a total of 12,460 square feet. There are two each 750 square foot two bedroom, one bath units and eight each 960 square foot three bedroom, two bath units. Each floor also has a storage room with 750 square foot each. All units meet Fair Housing requirements and five percent of the units are available for handicapped tenants. A complete list of local agencies providing services and assistance to the homeless and special needs populations is found below.

Local services include but are not limited to (91.210d):

1. Waterfront Rescue Mission – The target population is men with substance abuse and disorders.
2. Bridgeway Center, Inc. – Assists men and women requiring crisis stabilization and detoxification.
3. Salvation Army – The target population is men.
4. FRESH Start – Targets working parents and single women, primarily transitional housing for persons with jobs.
5. Shelter House – Women and children in imminent danger of harm from domestic violence.
6. Family Life Center – Pregnant and unwed mothers.
8. JADA – Men and women with substance abuse disorders; must agree to enroll in Christian recovery program.
9. Catholic Charities – Transients, emergencies. There is not a shelter but there are limited funds for hotel stays.
10. Red Cross – Persons rendered homeless by fire. No shelter, but limited funds for hotel stays.
11. Harbor House – Men with substance abuse disorders; transitional housing only.
12. Habitat for Humanity in Okaloosa County – Build affordable homes for low-income families.
13. White Sands Manor – Provides HUD subsidized housing for very low-income disabled senior citizens.
14. Okaloosa County Development Corporation (OCDC) – Administers the S.H.I.P. and HOME programs for the City of Fort Walton Beach and Okaloosa County through an interlocal agreement between both jurisdictions.
15. Striving for Perfection Ministries – Provides emergency benevolence, food, and utilities for low-income people.
16. Okaloosa County Head Start – Provides child care services for low-income families.
17. Okaloosa County Council on Aging – Coordinating agency for support services for the elderly, including housing and transportation.
18. Fort Walton Beach Housing Authority (FWBHA) – Provides housing units for low- and moderate-income families and individuals.

VI. ANNUAL ACTION PLAN OBJECTIVES AND PRIORITIES
(2011-2012)

Every year the City of Fort Walton Beach prepares an Annual Action Plan which provides information on the City’s anticipated resources, its proposed activities and methods of allocation and implementation. This Action Plan is prepared following the application, citizen participation and administrative review process. The Action Plan is formulated in February and is reviewed and approved by the Citizen’s Advisory Committee and forwarded to City Council for final approval. The City is required to submit an Annual Action Plan to HUD every year by the middle of August.

Proposed Schedule of Adoption

March 2011- Advertising for Projects/Applications/Input
March 2011- CAC Meeting to discuss priorities
April-May 2011 – Public Hearing
May 2011 – Applications Due
June 2011- CAC Meeting to review applications and approve allocation of funding
July 2011- CDBG Draft Annual Action Plan complete
July 2011- CAC considers draft CDBG Report
August 2011- City Council considers draft Plan

Priorities
The priorities for the annual action plan are generally set forth in the Five Year Consolidated Plan. This year’s priorities are to provide decent affordable housing and to provide a suitable living environment. Specifically, the annual activities will address: child care services/child care centers, infrastructure (sidewalks), handicapped centers, and homeless centers.

Proposed Programs/Activities
This year’s activities were developed fully utilizing the citizen participation process. The program was advertised and applications were taken for program funding. City staff reviewed the applications and forwarded them to the Citizen’s Advisory Committee for review. The Citizens Advisory Committee then approved and prioritized the projects based on needs and available funding. The following is the final list of activities that were approved for the 2011-2012 CDBG Program:

1. Planning and Administration ($25,315) 20%
The City of Fort Walton Beach Engineering Services Department administers the CDBG program and is responsible for conducting all public hearings and meetings, advertising the report, advertising for and accepting applications, reviewing applications, staffing the Citizen Advisory Committee, administering funds to sub-grantees, preparing the Annual
Action Plan each year, preparing the CAPER each year, and for preparing the Five Year Consolidated Plan every five years, among other administrative duties.

2. World Changers ($30,000) 23.7%
Given the overwhelming success and accomplishments of this program in past years, the City recommended funding this program for another fiscal year. The Citizen Advisory Committee approved the request.

**Proposed Outcome:** Provides decent housing for approximately 20-40 homeowners by providing upgrades and repairs to existing homes.

3. Chester Pruitt Youth Enrichment Program ($18,985) 15%
Chester Pruitt is a local youth recreation center that offers summer programs, after school care, and tutoring. The funds will be used to subsidize (lower) program fees for low and moderate income families for children enrolling in the programs.

**Proposed Outcome:** Provides a suitable living environment by assisting approximately 20-40 youth from low to moderate income families.

4. S4P Synergy, Inc. Food Pantry ($19,750) 15.6%
S4P Synergy, Inc. provides day-to-day food requirements to homeless and low income residents and is also a designated distribution center for emergency food following a natural disaster. The funding will be utilized to construct a 400 sq. ft. food pantry.

**Proposed Outcome:** Provides a suitable living environment by providing adequate food to needy families and individuals.

5. Beulah First Baptist Church handicapped ramp ($4,230) 3.3%
Beulah First Baptist Church will construct an accessibility ramp from the end of their driveway to the entrance of the Beulah Helping Hands House, which provides free outreach services to approximately 40-50 persons/month.

**Proposed Outcome:** Provides a suitable living environment by providing public services building access for underserved, disabled persons.

6. Lovejoy Neighborhood Sidewalk ($28,295) 22.4%
The Lovejoy neighborhood is located in one of the two targeted areas, which has been historically underserved for public infrastructure improvements. The funding will be utilized to construct 2,200 L.F. of sidewalk where none exists, which will connect low-income single-family housing to the mass transit bus stop located on the main commercial street.

**Proposed Outcome:** Provides a suitable living environment by providing a walkable area connecting low-income housing to transportation choices and employment.

X. MONITORING PLAN (91.230)

Program evaluation and monitoring is the means by which the City provides administrative oversight and performance testing of activities undertaken through HUD assistance under the Consolidated Plan. Evaluation and monitoring applies to both activities directly undertaken by the City as well as sub-recipients and other work or services performed on a contractual basis. Monitoring of the CDBG program will be conducted by the City’s Engineering Services Department. Monitoring will be used to ensure that activities carried out are in furtherance of the plan and meet the goals and objectives set forth in the Consolidated Plan. The monitoring will be on a monthly basis to ensure that program activities are being accomplished in a timely manner.

Ongoing evaluation is the primary mechanism for tracking performance and compliance. In the case of individual activities and sub-recipient agreements, disbursement of funds is tied to maintenance of compliance through each disbursement, including proper documentation of cost through that disbursement. Ongoing compliance is measured against the specifics of the particular agreement. Satisfactory resolution of any compliance or performance difficulties at the time of a planned disbursement is required prior to disbursement. In the case of sub-recipient and other forms or agreements or contracts for individual activities, the measurement of progress will vary depending upon the type of activity and the specific schedule, reporting and other benchmarks established for the particular activity. Educating the sub-recipients on the requirements of the program is an important element of the monitoring process. Prior to execution of any sub-
agreement, all materials and information, including the compliance and performance measures, are provided to the recipient.

Monitoring activities will be conducted in a positive and proactive manner, identifying and resolving problems early during an activity, providing technical assistance when feasible and necessary, maintaining communication and feedback on performance, any required reporting, and ongoing compliance with terms of the assistance and contract.

Yes ☑  No ☐  Verification found on page 3.

**HOUSING AND HOMELESS NEEDS ASSESSMENT (91.205) – N/A FOR ANNUAL PLAN**

**HOUSING**

1. Has the grantee identified the estimated number and types of families with housing needs for a 5 year period?
   Yes ☑  No ☐  Verification found on page
   
   **Note:** See Table 2A (required)
   Family types (extremely low-, low-, moderate, and middle income) that should be identified are:
   - Renter/owner
   - Elderly
   - Single persons
   - Large families
   - Persons with disabilities
   - Victims of domestic violence
   - Persons with HIV/AIDS

2. Has the grantee identified the types of housing needs in the community for a 5 year period?
   Yes ☑  No ☐  Verification found on page
   Types of housing needs should be determined with an analysis of:
   - Severe cost and cost burden
   - Overcrowding (especially for large families)
   - Substandard (renter/owner, extremely low-, low-, moderate, and middle income)

3. Has the grantee included a discussion of any racial or ethnic groups that have a disproportionately greater need in comparison to the needs of a particular income category?
   Yes ☑  No ☐  Verification found on page
   **Note:** Disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial/ethnic group is at least 10% points higher than the percentage of persons in the category as a whole. **See Section 91.205 (b)(2)**
**Homeless**

1. Has the grantee satisfactorily identified the nature and extent of homelessness, and is there a continuum of care concept? **See Table 1A (required).**  
   Yes☐ No☐ Verification found on page  
   • Information should be on both homeless singles and families (and subpopulations) that are either sheltered/unsheltered or threatened with homelessness.

2. Has the grantee identified homeless facilities and services needs for homeless individuals and homeless families with children, both sheltered and unsheltered and homeless subpopulations?  
   Yes☐ No☐ Verification found on page

3. Has the grantee identified the extent of homelessness by racial/ethnic group, if the information is available?  
   Yes☐ No☐ Verification found on page

4. Did the grantee describe the jurisdiction's strategy for developing a system to address homelessness and the priority needs of homeless persons and families (including the subpopulations identified in the needs section)? The jurisdiction's strategy must consider the housing and supportive services needed in each stage of the process, i.e. preventing homelessness, outreach/assessment, emergency shelters and services, transitional housing, and helping homeless persons (especially any persons that are chronically homeless) make the transition to permanent housing and independent living.  
   Yes☐ No☐

5. Did the grantee describe its strategy for helping extremely low- and low-income individuals and families who are at imminent risk of becoming homeless?  
   Yes☐ No☐

**Special Needs - Not Homeless**

1. Has the grantee included a discussion on the estimated number of non-homeless persons in need of supportive housing, and their supportive housing needs? **See Table 1B (optional).**  
   Yes☐ No☐ Verification found on page  
   **Note:** Estimated number of non-homeless persons should include the elderly, frail elderly, persons with disabilities, persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, and public housing residents.

**Lead-based Paint Hazards**

1. Has the grantee estimated the number of housing units with lead-based paint hazards?  
   Yes☐ No☐ Verification found on page

Yes ☑ No ☐ Verification found on page 13-14.

HUD Approval Action

The regulations at Section 91.500(b) state that HUD will approve or disapprove a plan or a portion of a plan for the three following reasons:

1) if it is inconsistent with the purposes of NAHA;
2) if it is substantially incomplete; and/or
3) if certifications are not satisfactory to the Secretary
4) if does not include description of manner in which unit of local government or state will provide financial or other assistance to troubled public housing agencies.

Please use the following to determine approval or disapproval:

Consistency with NAHA

1. Is the Plan inconsistent with the purposes of NAHA?
Yes ☐ No ☑

If the Plan is inconsistent with NAHA, set forth the basis of that determination by using the following as a guide:

- Does the Plan provide assistance to help families, not owning a home, to save for a down-payment for the purchase of a home.
- Does the Plan provide assistance to retain, where feasible, as housing affordable to low income families, those dwelling units provided for such purpose with federal assistance.
- Does the Plan provide assistance to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of housing affordable to low- and moderate-income families.
- Does the Plan provide assistance to expand and improve federal rental assistance for very low-income families.
- Does the Plan provide assistance to increase the supply of supportive housing, which combines structural features and services needed to enable persons with special needs to live with dignity and independence.

Substantially Incomplete

1. Is the Plan (including any corrective actions taken at HUD’s request during HUD’s review of the plan) substantially incomplete?
Yes□ No□
If the Plan is substantially incomplete, set forth the basis of that determination by using the following as a guide:

- The Plan was developed without the required citizen participation or the required consultation.
- The Plan fails to satisfy all the required elements in the regulations.

AFFIRMATIVELY FURTHERING FAIR HOUSING

1. Is the Certification to Affirmatively Further Fair Housing satisfactory to the Secretary?
   Yes□ No□
   If the Certification is not satisfactory, set forth the basis of that determination by using the following as a guide:
   - Disregard of regulatory requirements to conduct an analysis of impediments to fair housing choice, take appropriate actions to address identified impediments, and maintain adequate records on the steps taken to affirmatively further fair housing in the jurisdiction.
   - Lack of action taken on outstanding findings regarding performance under affirmatively furthering fair housing certification requirements of the Consolidated Plan or the Community Development Block Grant Program.

CERTIFICATIONS (91.225)

1. Are the general and specific certifications for each program funded complete and accurate, where applicable:
